

Website Ninjaneer

Do you have a passion for solving family homelessness but need to work remotely?

Do you have experience managing and updating websites?

Are dependable, responsible and detail oriented?

Do you want to make a difference in our community when you volunteer?

[Family Promise of Metro East](#) is looking for a Website Ninjaneer.

The right candidate will have experience building, managing and updating websites to increase public visibility and interaction with the website. They will be able to give 2-3 hours per week and be able to work with a team, research best practices, and respond to requests for updates in a relatively timely manner.

The successful candidate will:

- Create and update content for the Family Promise of Metro East website, adhering to the Family Promise Style Guide.
- Collect and analyze digital analytics, then optimizing the website based on the data collected.
- Know that they are helping to end family homelessness, one family at a time. Because every child deserves a safe and warm place to sleep at night.
